10:10 - 10:30 Keynote by **Jonathan Allen, Director General, Defence and Intelligence, FCDO**

Session 1 - Identifying Effective Support for High-Risk Actors

Objective: Understand regions and communities with the highest risk and need. Experts discuss methodologies for identifying at-risk communities needs, and explore the importance of open access threat intelligence and data collection, and usable tools for defense. This panel will also discuss barriers and opportunities to exchange cybersecurity information between nonprofit cyber, industry, and governments relating to state sponsored activity targeting high-risk civil society actors. What actions can be taken to improve operational collaborations?

10:30 - 11:20 Panel Discussion

Moderator: Chris Gibson, FIRST

- **Ciaran Martin, University of Oxford**
- **Tod Eberle, Shadowserver Foundation**
- **Jaya Baloo, Stealth Startup**
- **Natalia Krapiva, AccessNow**

Coffee Break

Session 2 - Growing the Capacity of Network Defenders

Objective: Understand the role of nonprofits in cybersecurity and their capacity challenges. Identify gaps in existing support and infrastructure. Discuss challenges of defenders in accessing resources, including tailored tools. This

panel will also discuss what works and what doesn't with regard to the deployment of available tools in helping high-risk actors improve their security.

11:45 - 12:00 Common Good Cyber Mapping by **Kayle Giroud, Director Common Good Initiatives, GCA**

12:00 - 13:00 Panel Discussion

Session 3 - Strategic Support for the Nonprofit Ecosystems

Objective: Understand and promote a joint approach to enhance support for nonprofit ecosystems. Identifying shared goals and collective impact strategies. Explore current funding models and their limitations, and review case studies on successful coordinated funding initiatives that have scaled impact.

13:45 - 14:45: Joint Exercise on *The Role of Nonprofits in Cybersecurity*

Participants will participate in a table top exercise using cards for particular actions. Each team will play the role of a fictional cybersecurity nonprofit.

Coffee Break

15:00 - 15:30: Discussion following the Joint Exercise

15:30 - 16:20 Panel Discussion

This panel will raise awareness of challenges faced by the community of cybersecurity nonprofits serving high-risk actors, with reflection on the current and future funding landscape. How can donors better support these organisations to deliver their core missions? What actions can be taken to better support long-term resilience building?

Moderator: Phil Reiting, Global Cyber Alliance
